Bardhi Grainca

Bardhi.grainca@hotmail.com - (389) 76-466-033 - Skopje, Macedonia – [My Website](#)

I'm a designer who codes. I am currently doing my MSc in Software Eng. In my free time I'm always searching for new challenges to conquer, because design and coding is my passion. I am a bit of a Jack – or Jill – of all design trades. Being well-versed allows me to maintain full aesthetic control when building brands – touching on everything from Information Architecture, UI/UX and mobile apps, to illustrating icons, graphics and logos. I also have 2 years of working experience in DevOps Infrastructures and my strong culture for enterprise DevOps teams has been engraved in my daily life and is part of me.
